**Volunteers during our Southern Indiana Repair Affair. This year's event will be taking place Saturday June 5, 2010.**

Homes in 17 Metro Louisville districts were helped, as well as homes in New Albany, Floyd County, Jeffersonville and Clark County in Indiana.

Our goal will always be to help as many homeowners as is possible and every team is welcomed and needed.

**2009 Results**

**124 homes received repairs**  
**1140 volunteers participated**

"I still was surprised at the work they did--Bless them all--for giving up a Saturday or spending time with their kids and family doing things for themselves."

-Ms. C  
2009 Repair Affair Homeowner

**How Repair Affair Works**

Repair Affair's generous donors ensure that needed repair materials can be made available to volunteers whose talents and compassion are focused on helping older and disabled homeowners. Every skill is needed, every gift is leveraged.

Repairs completed are diverse as we match the skills of volunteer teams with the needed repairs.

Most repairs are completed in one day making the homes safer, more accessible and more energy efficient.

To be eligible for Repair Affair, a recipient must:

- Own and reside in home
- Be at least 60 years old
- Or, certified as physically disabled
- Be low income (50% of area median income or less)
- Live in Louisville, KY or Floyd or Clark County, IN

Most teams work on one or two event days in June. On event day, support volunteers produce The Breakfast of Champions –a great way to start an important day.

**How you can help**

Repair Affair began with caring volunteers in our community devoted to making a difference by making repairs for their neighbors. Repair Affair continues today because of volunteers like you.

Repair Affair volunteers are able to complete repairs because sponsors donate repair materials and funds to purchase the materials.

For more information about volunteering or making a donation, please contact us at **502-719-7130** or **volunteer@ndhc.org**

**2010 Repair Affair Event Dates**

**Sat. June 5– Southern Indiana**

**Sat. June 12– Louisville**

Repairs are completed from March to November, with most teams working on the two event days in June.
